

# Resources

## JADE package

[http://kire.informatik.uni-freiburg.de/jade\\_pkg.zip](http://kire.informatik.uni-freiburg.de/jade_pkg.zip)

**(available until the deadline)**

## Compile & Run

<http://jade.tilab.com/doc/administratorsguide.pdf>

**“-classpath lib/jar files” doesn't work in ubuntu**

**\$> ant [examples]**

**Hint: You may change the “time” in BookBuyerAgent so that you can see the results in shorter time.**

## BookTrading
