

Computer Aided Verification of Automata

The CAVA Project

Alexander Schimpf

Short presentation, 02/07/2012

- Joint project with *Technische Universität München*
 - DFG funded
- René Neumann + Thomas Türk
 - Finite automata

 - Finite automata

- Büchi-automata
- Translation of Logic into Automata (Model Checking)

- Büchi-automata
- Translation of Logic into Automata (Model Checking)

- Isabelle/HOL
 - Theorem prover
- Abstract formalisations
 - Correctness
- Executable implementations
 - Refinement
